

## Patient Access

- Book GP appointments
- Message your doctor's surgery directly
- Order repeat prescriptions
- Find local health services for you or your family
- View your medical record

### How to Guide

You can use the Patient Access website or download the app onto your phone or tablet.

Patient Access can be used to book online appointments, order repeat prescriptions, share your medical record, or contact your surgery. Not all GP practices have chosen these services, so it is possible that not all of them will be accessible to you.

Your GP surgery will provide you with a registration letter to help you register for the first time. But you can also create an account if you do not have the letter.

### Downloading the app

If you have an iPhone or iPad – the app store symbol is a white 'A', surrounded by a white circle, on a blue background.

If you have another sort of phone or tablet, look for the 'Play Store' or 'Google Play' button – a multi-coloured triangle.

In the app store, type 'Patient Access' in the search box at the top and you should see this symbol.

Click on 'install'. The app symbol (icon) should appear on the home screen of your tablet or phone.

## Finding the website

You can search for Patient Access using Google or another search engine, or type in the address: <https://www.patientaccess.com/>

## How to register on the app or website

1. Click on 'Register' on the Login Screen of your app, or the website: <https://www.patientaccess.com/>

I accept the [Terms and Conditions](#)

I'd like to receive marketing communications (emails, surveys and partner content) to enhance my experience of Patient Access.

**Create account**

4. Tick the agree to Terms and conditions box and click create account.
5. Once your account has been created the website will ask you to confirm your email address. You can do this by checking your email inbox and clicking the link in the email. You can also choose to skip this step and complete it later.

**Your account has been successfully created**

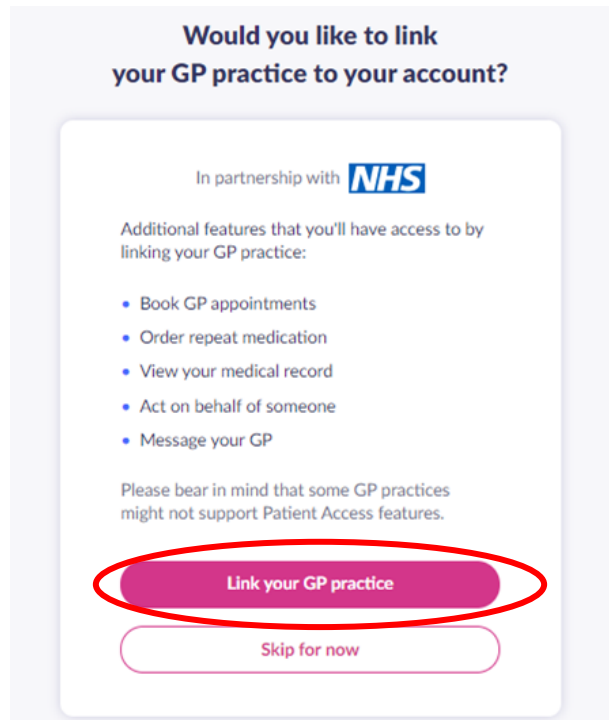

**Check your email inbox now**

We've sent you a verification link to your email address [lijohn6543@gmail.com](mailto:lijohn6543@gmail.com). Please check your email inbox and verify your email address before 21 Jul 2020.

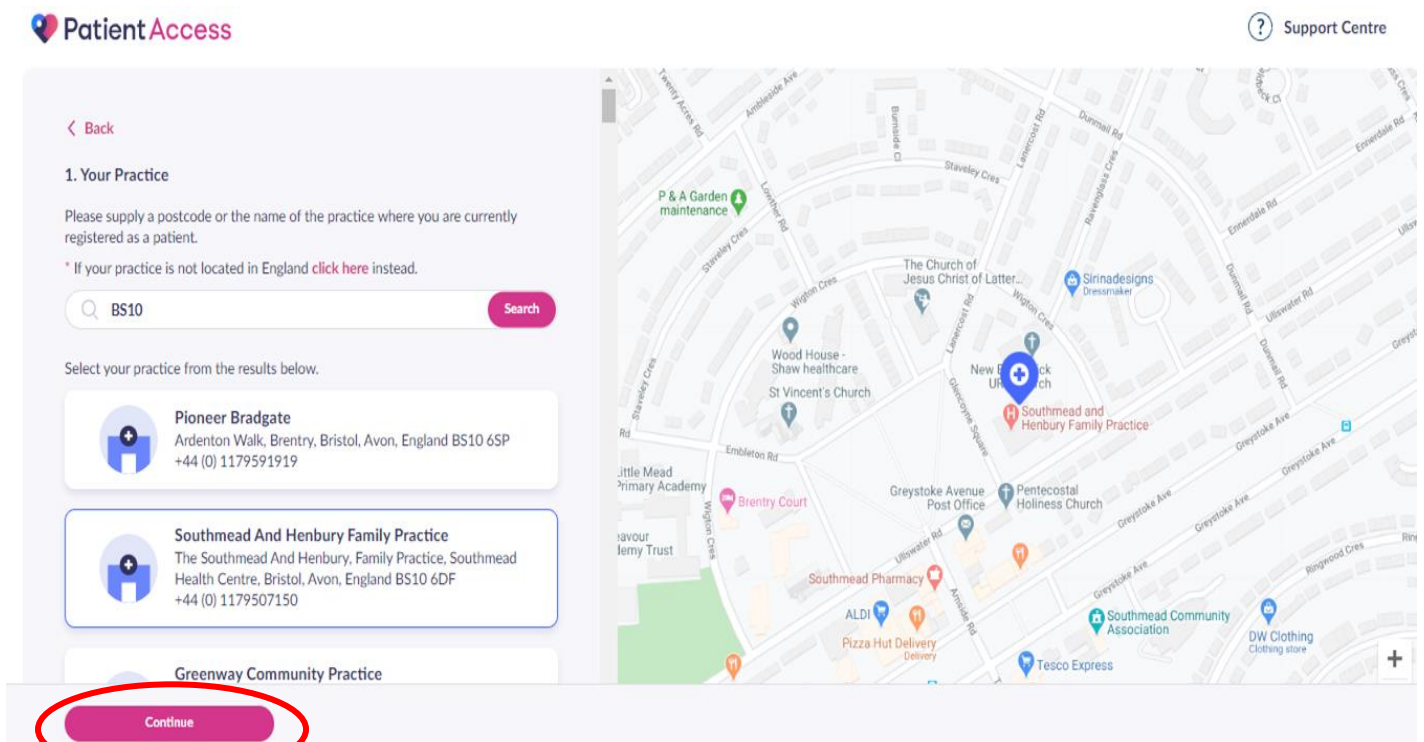

[Skip verification for now](#)

[Re-send verification email](#)

6. You can now link your GP practice to your account. If you do not have a GP practice you can click the 'skip for now' button

7. If you chose 'link your GP practice' you can now search for your practice by name or type in your postcode. Once your GP practice appears click on the name to highlight it and then choose 'continue'.

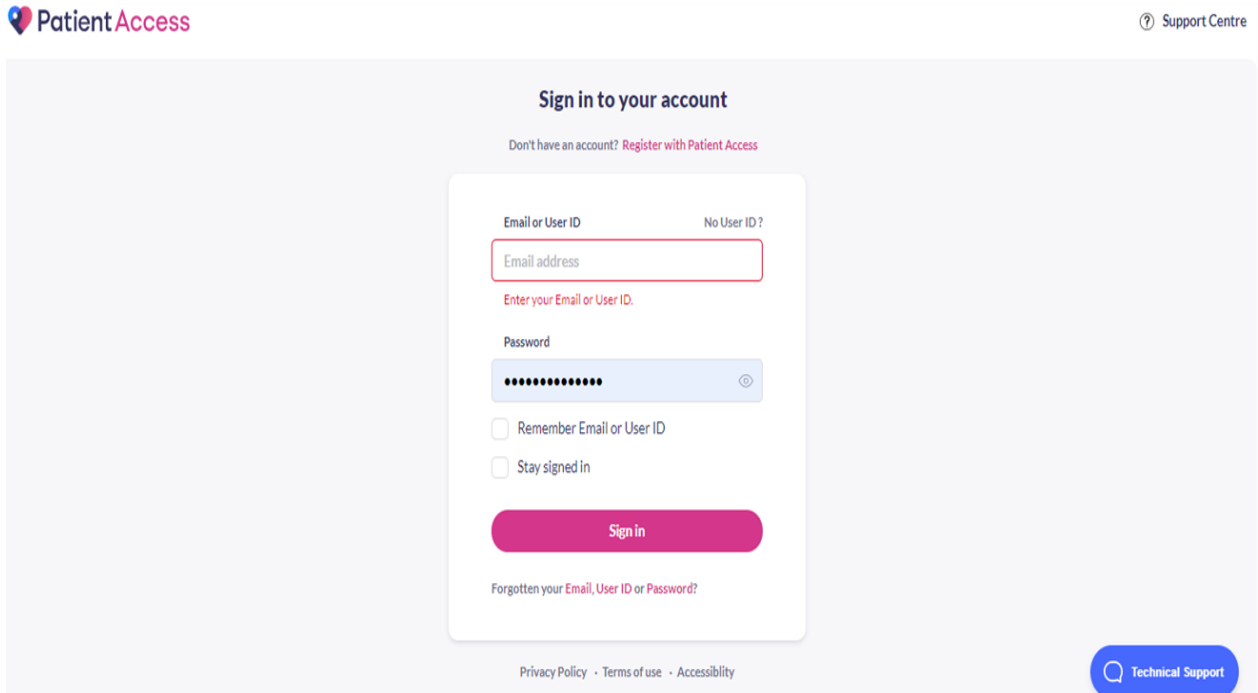

8. If you have your GP registration letter, select 'yes' to having received a registration letter for your practice. The letter should include a 'linkage key' and account ID. Enter this linkage key and the account ID, then press 'confirm'.
9. If you do not have a letter from your GP practice, select 'no' to having received a letter. You will then be asked to enter your house number, flat number, or street number.
10. You will then be asked to confirm your personal details.

The screenshot shows a registration form with three steps. Step 1, 'Find Your Practice', is completed with a green checkmark and shows 'Ancoates Urban Village Medical Practice'. Step 2, 'Your Personal Details', is the active step, indicated by a pink circle with the number '2'. It contains a sub-header 'Please confirm the personal details held by your practice.' and two input fields: 'Date of birth:' (with three empty boxes) and 'Family name:' (with one empty box). A pink 'Confirm' button is located below the input fields. Step 3, 'Your Account Details', is partially visible at the bottom.

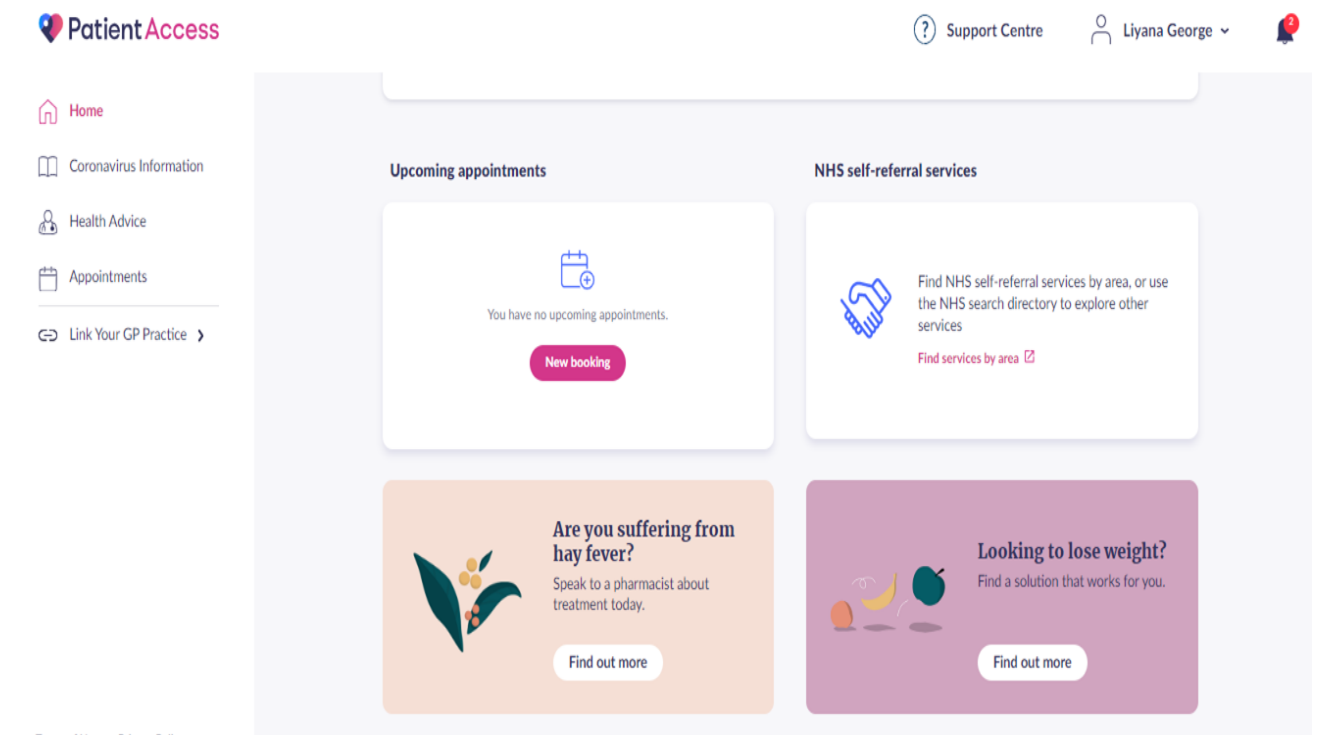

11. You will then need to re-enter the password that you chose in step 3 to your account. After filling these out choose 'link account'.

The screenshot shows the registration form with three steps. Step 1, 'Find Your Practice', is completed with a green checkmark and shows 'Ancoates Urban Village Medical Practice'. Step 2, 'Your Personal Details', is also completed with a green checkmark and shows 'Family name: SMITH' and 'Date of birth: 15 Sept 1975'. Step 3, 'Your Account Details', is the active step, indicated by a pink circle with the number '3'. It contains a sub-header 'Password' and a password input field with ten asterisks. A pink 'Link account' button is located below the password field.

12. You may then be asked to sign back in using your email and password. You will need to do this each time you open the app.

13. When you sign in you will be taken to the home page. This is where you can make appointments and check health information using the menu on the left-hand-side or by clicking on the buttons in the middle. (If you didn't link to your GP when you signed up earlier you may be taken to this page first).

## If you forget your sign-in details

14. If you forget your username or password you can re-set them. When you open the app or website look for the 'Forgotten your Email, User ID or Password' link underneath the sign-in button. You can click on one of these to re-set it.

## Making an appointment at your surgery

1. To book an appointment, sign in with Patient Access. Scroll down until you see a box labelled 'Upcoming appointments' and select 'New booking'. Alternatively, click on 'Appointments' in the left-hand column.
2. Next choose 'New booking' to make an appointment. Some surgeries do not currently offer the option to book an appointment online.

**Upcoming appointments**

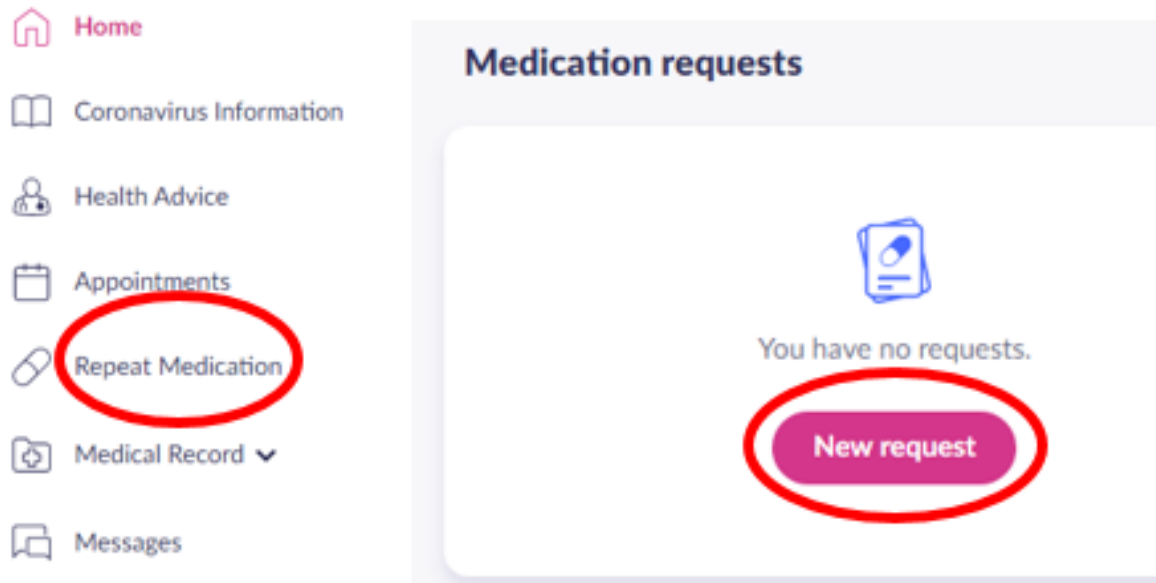

You have no upcoming appointments.

**New booking**

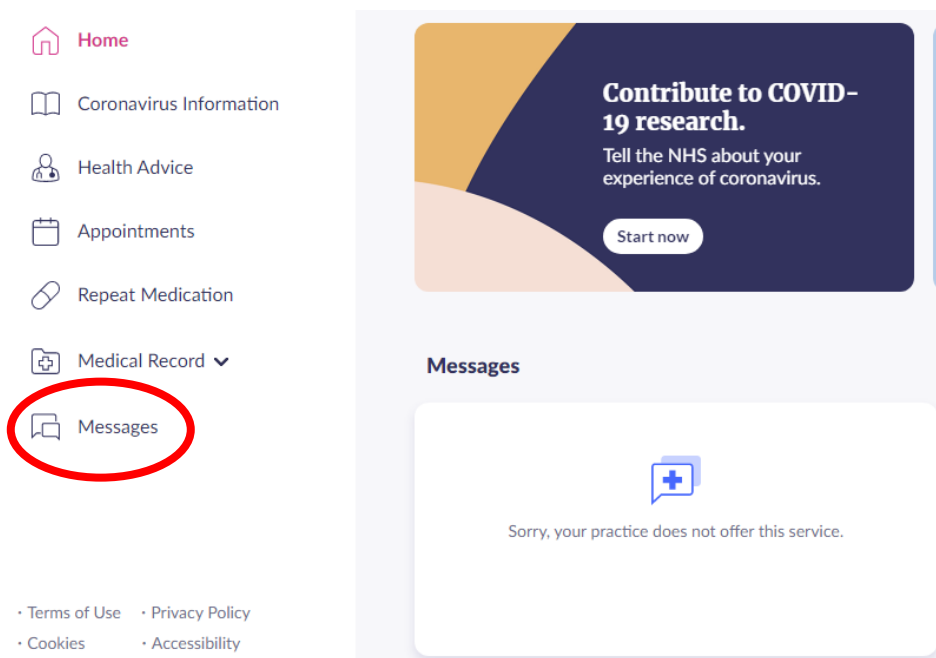

## Ordering a repeat prescription

1. Click on the 'Repeat Medication' option in the left-hand column.
2. then click on 'New request. Some surgeries do not currently offer the option to order a repeat prescription online.

## Sending a message to your surgery

1. Click on 'Messages' in the left-hand column. Some surgeries do not currently offer the option to send a message online.

2. Enter the subject in the box (as you would if sending an email).
3. You may be able to add who the message is for (all practices are different and some may not have this option).
4. Type your message into the large box and press 'send'.
